Perhaps if President Roosevelt can get some $3,000 man to take that $100,000 canal position, he can get the thing built.

Chairman Shonts, of the Panama Canal Commission, knows better than to resign now for fear he will be told by Secretary Taft that he is nothing but a filthy lucretionist.

The gold brick men are seeking a pardon to get out of the North Carolina penitentiary are requested not to embarrass President Roosevelt by getting him to send them a letter of exculpation.

An exchange asks: "Where are the Moros now?" Go 'long! We are not supposed to know the names of the cemeteries which General Leonard oWod made use of in his work in the Philippines.

Many may think it curious that when the crew of the Russian battleship Kniaz Potemkine mutinied and ran amuck, the Russian admiral, instead of chasing the renegade, had the fires of the ships of his squadron drawn. Of course, that kept them from joining in the mutiny with the K. P.

Complaint is made that the Indians are not being taught the ways of the white man. Some people will kick in spite of the fact that some of Uncle Sam's Indian agents have taught the Indians an object lesson by robbing them of $200,000 in different ways of the white man.

Here comes Prof. Matthews, of Chicago, saying that scientists will yet discover the secret of making men live always, barring accidents of course. We hope the discovery will be made in time to enable us to live to see some broad, guaged, consistent, and able Democrat at the helm of the Republic with the constitution to steer by.

To-day at noon Justice John J. Furlong will investigate a shooting that occurred at Seventh and Castle streets last Saturday night. It appears that Jim Moore, a Southport negro, was returning from a wedding in colored high life, when Harrison Ballard, an East Wilmington negro, walked up to him and asked him if he was another colored man whose name he called. Moore says that without waiting for a reply in the negative, Ballard stepped back a few yards and began peppering him with bullets from a 32-calibre pistol. Moore was laid up in the hospital and Ballard made his escape to East Wilmington, having been arrested there a few nights ago by Constable Savage. Executive Committee of Truckers' Association Wants Test Farm Located Here

THE VOTE, THREE TO TWO

Conference Yesterday at Wallace Wtih Committee From State Board of Agriculture—The Recommendation.

While nothing has yet been officially decided upon in regard to the change of the State trucking test farm from Willard to a site near Wilmington, the Executive Committee of the East Carolina Fruit and Truck Growers' Association by a majority vote of three to two has placed the stamp of its approval upon the change of the farm to Wilmington. The action was taken at a meeting of the Executive Committee of the Association in conference with Commissioner Patterson and Mr. Wm. Dunn, of the State Board of Agriculture, at Wallace yesterday morning, the committee of truckers having been invited to the conference by Commissioner Patterson, who desired an expression from the representative body of the truckers in the East Carolina territory.

There were present at the conference Commissioner Patterson and Mr. Wm. Dunn, of the State Board of Agriculture; Chairman W. L. Hill, of Warsaw; Messrs. Wm. E. Springer, of Wilmington; W. E. Thigpen, of Chadbourn; J. S. Westbrook, of Wallace; J. A. Westbrook, of Mount Olive, and Mr. H. T. Bauman, of Wilmington, who was present in the capacity of secretary. Mr. Thigpen held the written proxy of Mr. J. A. Brown, of Chadbourn, the only member of the committee who was absent. The committee met at 10 A. M. in the Boney Hotel at Wallace. State Horticulturist Hume started to the meeting but missed train connection at Goldsboro and was unable to be present. Mr. W. L. Hill, chairman of the truckers' executive committee, was called to the chair and Mr. Bauman kept a record of the proceedings. Commissioner Patterson was asked to explain the purpose of the meeting, which he did in a somewhat extended address reviewing the entire history of the test farm matter. He concluded by saying the committee of truckers had been called together for an expression on the proposition of changing the farm from Willard to Wilmington; the committee on location had done the best they could. Personally he knew nothing of trucking. One after another reason was assigned for locating the farm at Willard. After the location, the question was re-opened at the request of Editor Z. W. Whitehead, of the Truckers' Journal, upon representation to the Board that a great deal of dissatisfaction existed among the truckers and that a location near Wilmington would be more accessible and that the soil could be found in every way suitable to an experiment farm. It made no difference where the farm was located, Mr. Patterson said; results were desired. Speaking of the last visit to Wilmington, he said the soil on the Lineker and Southerland farms was unsuited; it was not typical. The seeming inconsistency of Horticulturist Hume in making a favorable report on the Garrell farm first and then an adverse one on the same tract was explained by the statement that the first was by Mr. Hume himself and the second embraced the findings of the committee; the favorable report by Mr. Hume not having been accepted by the Board.

Mr. Springer made the point that they sent out an expert to give them information on soils and then turned down the report.

A letter from Mr. Hugh MacRae in which the Board was taken sharply to task for duplicity and other inconsistences was read. Mr. Patterson paid a tribute to Mr MacRae as a valuable, public spirited citizen, but thought the argument in the letter without weight. He made an explanation from his point of view as to statements made to Governor Glenn, saying that he had made no official report to the chief executive.

In reply to the statement that Mr. Whitehead had asked for and could not get a copy of the report on the several farms upon which was based the decision to locate at Willard, Mr. Dunn said the report had not been made when Mr. Whitehead requested it.

There was further discussion and argument, all to no effect of reconciliation of the differences, when Mr. Springer interrupted to ask what the truckers' committee had been called together for anyway; Mr. Patterson replied that it was for the purpose of getting an expression from the committee as to what should be done in the matter of the proposition to remove the farm from Willard to Wilmington in the light of the recent developments upon the strength of which the case had been re-opened. Messrs. Patterson and Dunn argued that the best results could be obtained and asked that the committee approve the location at Willard.

Mr. J. S. Westbrook, of Wallace, made a motion, seconded by Mr. J. A. Westbrook, of Mount Olive, that the executive committee abide by the decision of the committee from the Board of Agriculture in their selection of a location of the test farm at Willard.

Mr. Springer offered a substitute, seconded by Mr. Thigpen, of Chadbourn, that it be the sense of the Executive Committee, representing the East Carolina Fruit and Truck Growers' Association and a majority of its members that the test farm would best subserve the interests of a majority of the truck farmers by being located at Wilmington.

Messrs. Springer, Thigpen and Brown (by proxy) voted in favor of the substitute and the Messrs. Westbrook against, Mr. Hill, the chairman, not voting. There was an effort to attack the proxy of Mr. Brown, held by Mr. Thigpen, in the event of the success of which a tie would have resulted, necessitating the breaking of it by Chairman Hill, but it was held by the committee that the proxy of Mr. Brown was valid.

The location of the test farm still abides with the Board of Agriculture and a final decision of the whole matter, it is hoped, will be forthcoming soon, for the public is weary of the subject. Whether the Board of Agriculture will be influenced by the action of the truckers' committee, which it called upon for an expression, or whether there are to be more meetings and more talk and more expense to the State and individuals interested, remains to be seen.

ANOTHER MIDNIGHT BURGLAR.

Residence of Mr. W. M. Creasy, on Walnut street, Entered.

The residence of Mr. William M. Creasy, No. 113 Walnut street, was entered by a burglar late Thursday night a short time after the robbery of Mr. Carl Scarborough's room at Mrs. Sloan's, in the same section of the city. When a shower of rain came up about midnight, Mrs. Creasy was awakened and went into an adjoining room on the second floor to let down some windows. She saw the outline of a man in the room and thought it was Mr. Creasy who had preceded her to the room to lower the windows himself. She called to him a time or two and kept on approaching, but the man all the time was going backward toward a door opening on the back porch. When he did not answer and started to run down the back stair steps, Mrs. Creasy realized that it was a burglar. She screamed and Mr. Creasy came quickly, but the burglar had made a hasty exit to the street. In case of just such an emergency as he met, the burglar had left all doors and gates behind him carefully propped open so that his flight was easy.

The burglar stole nothing from the house. The fright was such a severe nervous shock to Mrs. Creasy that she had not recovered entirely yesterday from the effect of it.

PRELIMINARY TRIAL TO-DAY.

Troubles of Rev. Rhoe, Colored Preacher, Before Justice Furlong.

The preliminary trial of Rev. W. H. Rhoe, the colored parson in a peck of trouble over charges brought against him by a female member of his flock, will take place before Justice Furlong at noon to-day. He will be represented by William J. Bellamy and Walter P. Gafford, Esqs., while the prosecution will be looked after by Herbert McClammy, Esq. The Rev. Rhoe is still in jail, but a mortgage upon the church property has been excuted by the trustees of the congregation to secure the release of their pastor immediately after the preliminary trial to-day. It is thought probable that the defence will simply waive examination and give bond for appearance at the term of court beginning July 24th. The church is located at Fifth and Campbell streets and numbers among its membership, some of the most prominent colored people in Wilmington.

WHITE PRISONER ESCAPED.

Young McCulloch Stole Out of Guard House—Recaptured.

R. A. McCulloch, the young man from Bladen county, arrested here a day or two ago upon the charge of obtaining money from Mr. A. Rothschild on false pretence, using the name of his brother on a draft which he presented to be cashed, made his escape from the city prison about 7 o'clock yesterday morning, but was luckily recaptured by Chief Williams yesterday afternoon. McCulloch had been allowed the freedom of the corridor of the white department of the prison and it is supposed he passed out unnoticed while workmen were engaged on the plumbinb in the basement where the guard house is located. The escape was discovered when an officer went down about noon to bring the prisoner upstairs for trial by the Mayor.

McCulloch was found by Chief Williams at a grocery store in the extreme northeast section of the city. It is stated that he had shaved off his moustache to escape identification but he was soon recognized by Chief Williams and returned to the station house. He will probably be given trial by the Mayor at noon to-day.

Blanche Leaves With Tow.

The tug Blanche cleared yesterday morning for Charleston, S. C., towing the barge "Louis H." upon which will be brought to Fort Caswell the artesian well apparatus of W. H. Gray & Bro., which will be used in sinking an artesian well at the fort. The Blanche will on her return tow the disabled schooner "Chas J. Dumas," from Georgetown, S. C., to Norfolk, where the vessel will go on the ways.

Mr. Pembroke Jones Here.

Mr. Pembroke Jones, who recently returned with members of his family from an extended tour abroad, arrived last night on Private Car 301, attached to the incoming train from the North. Mr. Jones went at once down to his handsome country place, Airlie, on the sound. He will be there later with his family to spend some time.

Building The Road.

Columbus News-Reporter: "Mr. A. T. Clark says that the work on the Waccamaw Land and Lumber Company's railroad is progressing very satisfactory. They now have all the labor they need. The rail, Mr. Clark says, are laid for about four miles in the swamp, and the right-of-way is cut for perhaps four miles further, and the survey is made for about twenty miles."

Ten Cents Cotton.

Yesterday's Florence Times says: "W. L. Gregg, of Marion, is spending the day with his brother, Dr. B. G. Gregg. Mr. Gregg is cotton buyer for Sprunt and Sons of Wilmington and he has bought up several large lots of cotton that were being held in this vicinity to-day. He has paid as high as 10 1-4 for the staple, which is the best price so far heard of since way back yonder."

PUBLICLY INSTALLED

Interesting Exercises Yesterday Evening by Hanover Lodge of Odd Fellows

OFFICERS FOR FALL TERM

Faithful and Efficient Service of Retiring Noble Grand—Refreshments, Music and Other Features—Other Notes.

The public installation of officers of Hanover Lodge No. 145, I. O. O. F., in the hall on the third floor of the Murchison National Bank last night, was a delightful affair in every way. There was a large attendance of Odd Fellows, Daughters of Rebekah, and friends of the order and the installation ceremonies and other exercises were of a pretty and an impressive nature. The lodge was opened in regular session and the usual business was transacted after which a recess was declared and the public installation announced.

The exercises opened with a selection by a male quartette composed of Messrs. Willie Muse, Willie McGirt, Albert Dosher and Wilbur Dosher, under the direction of Mr. J. W. Fleet. The installation of the officers then followed, the following having served in the chairs as grand officers: Grand Master, E. N. Penny; Grand Marshal, W. W. Hodges; Grand Warden, W. W. Yopp; Grand Secretary, J. T. King, and Grand Treasurer, H. O. Craig. The officers installed were as follows:

S. P. G.—J. A. Jordan.
N. G.—E. S. Hancock.
V. G.—O. E. Merritt.
R. S.—S. G. Hall.
F. S.—C. F. Williams.
T.—W. H. Howell.
O. G.—M. C. Rayner.
I. G.—Z. N. Walton.
R. S. to N. G.—W. H. Peterson.
L. S. to N. G.—M. Hewett.
R. S. to V. G.—J. B. Bustin.
L. S. to V. G.—J. W. Orrell.
Warden—S. E. Rogers.
Conductor—R. L. Rouse.
R. S. S.—A. M. Wallace.
L. S. S.—L. H. Shew.
Chaplain—Dr. W. K. Anders.

The installation was followed by another selection by the quartette after which a pleasant surprise was sprung upon retiring Noble Grand J. A. Jordan, who has been an officer of the lodge for three years and the presiding officer for a double term of six months. During his service of three years as an officer, although he lives at Delgado, some considerable distance from the lodge room, he missed only two meetings during that time and has worked in and out of season for the upbuilding of the order. In token of the lodge's appreciation of his faithful work, he was called out after the installation last night and through Acting Grand Master E. N. Penny, he was presented with a handsome gold watch charm suitable inscribed with the emblems of the "camp," shield, the three links, "F. L. & T.," and this inscription: "To J. A. Jordan from Hanover Lodge No. 145, for Faithful Service, July 7th, 1905." Mr. Penny was exceedingly happy in his speech presenting the testimonial and although taken by complete surprise, Mr. Jordan was none the less graceful in acknowledging the compliment paid him by his brothers.

Following the exercises a course of delightful refreshments was served and the lodge closed in regular form. The arrangements for the pleasant occasion were made by a committee composed of Messrs. E. N. Penny, chairman; E. H. Dement and A. J. Hewlett.

QUEER INSANITY STREAK.

Negro Imagines Herself Owner of Farm and Fullness Thereof.

Apropos the recent epidemic of insanity among a class of colored people of the lower strata, it is interesting to note that a majority of those taken in custody lately imagine themselves immensely wealthy or possessed with unusual power and influence. A crazy negro arrested by Officer Huggins a few days ago at Front and Market streets, dismissed the talk of the policeman as absurd and proclaimed himself owner of the Atlantic Coast Line and the Atlantic National Bank which he pointed out to the officer on the corner. He offered the policeman a hundred thousand to release him and when that pittance was refused he offered to throw in the postoffice as the price of his liberty.

Yesterday afternoon Dr. W. D. McMillan and Justice of the Peace Furlong went out to the County Home to examine a colored woman there whom the grand jury recently recommended be sent to the asylum for the colored insane at Goldsboro. The woman, in an almost nude condition, proclaimed that bears, snakes, dogs, cats and other animals were constantly tormenting her, making it impossible for her to enjoy the fruits of her large possessions in ownership of the entire County Home, farm and workhouse. "The people you see working all round here," she told Dr. McMillan, "are mine and they are working for me." Arrangements are being made to send the woman to Goldsboro where she can have undisputed possession of the colored insane asylum for a while.

Another Fine Building.

It is understood that Mr. B. H. J. Ahrens, who recently purchased the property at northeast corner of Front and Market streets, will in the near future erect on the site a very handsome building comparing favorably with any now in the city.

WILMINGTON, N. C.

Saturday Morning, July 8.

PERMANENT ENCAMPMENT.

Very properly and wisely Governor Glenn has recognized the necessity for a permanent place of encampment for the National Guard of North Carolina. It is surprising what child's play the State has engaged in about this matter, and it is time that one or two encampment grounds be established permanently, suitably improved, and made sanitary after the strictest sanitary methods.

We refer to two encampment places for the reason that for economy's sake, there seems to be a disposition to encamp two regiments somewhere in the western part of the State and two in some eastern location. During Governor Fowle's administration he made Wrightsville the permanent camping ground of the entire State Guard, now the National Guard, and the citizens of Wilmington at considerable cost bought and deeded to the State for the camp splendid and extensive grounds overlooking Wrights ville Sound from a high bluff. At different times the citizens of Wilmington spent thousands of dollars to put the grounds in order for encampment, and if the State had leveled and sodded the drill grounds, and sunk artesian wells, no finer or more healthful location could have been found anywhere in the State. Governor Glenn, no doubt, has recognized the mistake in this matter, and is determined to select and improve a permanent camp.

The Winston Republican referring to this matter says:

"Governor Glenn has decided to establish a permanent camping ground for the State Guard, and Charlotte, Asheville, Morehead City and Winston-Salem are mentioned as prominent contestants for the favor. The Republican presents the claim of Winston-Salem as equal in health, convenience and general attractiveness, to any place, but this His Excellency knows without our telling."

As a matter of course there will be competition for the permanent camp, but we hardly think any ambitious locality will pretend to go up against Wrightsville in the way of advantages as to comfort, breezes, ocean bathing, boating, fishing, and recreation for the soldier boys.

However, we did not intend to branch off on this line, but rather to remind the citizens of Wilmington that two regiments of State troops are to encamp at Wrightsville for ten days beginning July 20th. The time will soon be here and it is necessary for our people to subscribe readily and liberally to the fund which is being raised to put the grounds in order. It behooves us to make this encampment as comfortable and delightful as possible for the officers and soldiers for it will go a long ways towards inducing the ultimate selection of Wrightsville for the permanent encampment.

The advantages at Wrightsville are ten times more superior for the encampment than they were ten years ago, and if we make a good showing at this encampment, it will ensure the permanent selection of our camping grounds. Let our enterprising citizens put their shoulders to the wheel and get a move on them.

THOSE REPUBLICAN DAILIES

The Washington correspondent of the Charlotte Observer sends this to his paper under date of July 6th:

"The declaration was made here to-day that The Industrial News, the paper that the Republication organization proposes to establish at Greensboro, will make its appearance about August 15th. It is claimed that the orders were placed some time ago for a Goss press and three Mergenthaler linotype machines, which are to be delivered before the middle of the next month. Ex-Snator Butler, who is taking an active part in the organization of the new paper, has gone to North Carolina and, before he returns, will confer with the directors of the proposed paper.

"The call for a first payment on the stock was issued some days ago, the request being made that payments be turned over to the treasurer by July 12. The promoters of that rival publication, The Daily Tar Heel, are very busy, using a lot of Uncle Sam's postage. Circulars have been received here from General Manager Laws, seeking subscribers of stock and subscribers to the paper-to-be. He announces that the Blackburn paper will appear within 90 days, seven times a week, and that it has $50,000 to burn.

"Among other announcements made by the general manager is the following:

"'The Tar Heel will be the champion of the Republican party in the South. It will stand for the rights of the people, and keep them posted on the things they ought to know, exposing frauds and political trickery whereever found.'

So The Tar Heel proposes to be a humorous paper. It will certainly amuse North Carolinians with the above statement. If it will keep the people "posted on the things they ought to know" it will warn them against its own party, and if it is going to engaged in "exposing frauds and trickery wherever found" the people know that it will find enough in the Republican party of North Carolina to make its task an exceedingly busy one.

—No matter if it was from the Bennett trust from Mr. Bryan's gift of $500 to a Norwegian college is particularly significant at such a time as this. He is believed to have serious designs upon the presidency of Norway.—Puck.

—A heroic bronze statute of William McKinley was unveiled in Chicago July 4th with due ceremony. The statue is a gift to the city by a private citizen, but the city has not been irresponsive. The statue stands in Park McKinley—forty acres of ground donated for the purpose of the monument—which will remain a perpetual memorial of the martyred President.—Philadelphia Record.

—The Kniaz Potemkine is cruising around the Black sea with nothing to molest it or make it afraid. Unless a real revolution ensues the warship must finally close her career. Without a government to which it acknowledges allegiance her officers and crew, according to international law, are pirates. Her status is a unique one. Russia has no navy to stop her or one that will, and what is to become to the warship in the end is a subject of curious speculation.—Columbia Record.

WORKS WONDERS.

A Wonderful Compound—Cures Piles, Eczema, Skin Itching, Skin Eruptions, Cuts and Bruises.

Doan's Ointment is the best skin treatment, and the cheapest, because so little is required to cure. It cures piles after years of torture. It cures obstinate cases of eczema. It cures all skin itching. It cures skin eruptions. It heals cuts, bruises, scratches and abrasions without leaving a scar. It cures permanently. Wilmington testimony proves it.

J. S. King, clerk on Market street, residing at 815 Orange street, says: I used Doan's Ointment and found it to be a great remedy for itching hemorrhoids. It acted like a charm in my case. I tried all kinds of remedies, but until I used Doan's Ointment I could get nothing to give me positive relief. It is a splendid preparation and you are welcome to use my name as one who says so. I obtained it at R. R. Bellamy's drug store."

COTTON MARKETS.

New York, July 7.—The cotton market showed a further falling off in the volume of business, sales being estimated at about 500,00 bales, but fluctuations continued broad and the tone was more or less nervous. A sharp midday break was followed by a partial reaction and the market at the close was only 15 to 19 points down from the highest prices of the week. The opening was easy at unchanged prices to a decline of 8 points, in response to lower Liverpool cables and reports of lower offerings in the South, but weather reports showed more rain in the central belt than was considered beneficial and with wire and commission houses again buying, prices soon rallied to about the closing level of the previous day. Liverpool continued easy, however, and New Orleans turning weak, sent selling orders here while local professionals were looking for a reaction. This pressure soon chockeled the advance and later the market was influenced to some extent by reports that a prominent Southern authority had advised farmers to sell spot cotton around ten cents. The point was reached in the early afternoon when October sold at 10.60 and December 10.66 for a net decline of about 18 to 23 points. Covering by local professionals who had sold on the decline rallied the market toward the close and the final tone was steady at a net decline of 8 to 10 points.

Let Common Sense Decide

Do you honestly believe, that coffee sold loose (in bulk), exposed to dust, germs and insects, passing through many hands (some of them not over-clean), "blended," you don't know how or by whom, is fit for your use? Of course you don't. But

LION COFFEE

is another story. The green berries, selected by keen judges at the plantation, are skillfully roasted at our factories, where precautions you would not dream of are taken to secure perfect cleanliness, flavor, strength and uniformity.

From the time the coffee leaves the factory no hand touches it till it is opened in your kitchen.

This has made LION COFFEE the LEADER OF ALL PACKAGE COFFEES.

Millions of American Homes welcome LION COFFEE daily. There is no stronger proof of merit than continued and increasing popularity. "Quality survives all opposition."

(Sold only in 1 lb. packages. Lion-head on every package.)

SPIRITS TURPENTINE.

—William Alford, alias Evans, has escaped from the penitentiary convict camp near Lillington. He was serving a seven-years sentence and came from Duplin county.

—The new directory of Durham places the population of the city at 22,000, this being quite an increase over the population of two years ago. This population is for Durham proper.

—A man named Scott shot and killed John McQueen Saturday evening in Robeson county. They lived about ten miles southeast of Maxton. The particulars of the trouble have not been learned.

—Charlotte Observer: A blockder who is said to have been in the business twenty years has just been arrested in Stokes county. Verily the coils of the law is tightening around the evil-doers.

—The Secretary of State has chartered the Bank of Richland. Onslow county, capital stock $25,000, to do a commercial and savings business. The Hickory Wagon Company, of Wilson, has been authorized to increase its capital stock from $60,000 to $100,000.

—Dr. Ramseur, a brother of Major General Stephen D. Ramseur, died at the Hospital for the Insane in Raleigh Tuesday and was buried Wednesday in the Confederate Cemetery, the escort being from the Soldier's Home, of which he was for many years an inmate.

—The main factory of the Brooklyn Manufacturing Company, of Smithfield, was struck by lightning about 8 o'clock Tuesday night. The building, which was wood, and all the machines together with a large lot of lumber was totally destroped. The company carried no insurance.

—Col. John S. Cunningham, so well known as a tobacco grower, says he estimates that the acreage in tobacco in North Carolina is from 10 to 20 per cent. greater than it was last year, when there was quite a short crop. He says the tobacco in his part of the State looks extremely well.

—The Raleigh dispensary's profits for the quarter ending June 31 were $14,000, an increase over the first quarter of $1,500. Under a new law the dispensary profits are divided between the city, the county school fund and the county road fund, so that of the $14,000 now paid in, the county gets $8,800 and the city $5,600.

—Charlotte Observer: Before 'Squire S. H. Hilton yesterday, Mr. H. A. Murrill, manager of the Queen City Printing & Paper Company, swore out a warrant against John J. Williams, charging that he did "unlawfully and wilfully entice, persuade and procure G. F. Collins, a linotype operator in the employ of the said company to unlawfully leave the service of the said company."

L —Waxhaw Enterprise: There is some sort of wild varmint at large in the Price Mill neighborhood. Several persons claim to have seen it and say that it resembles a wolf. Most of the negroes and many of the white people in that neighborhood are wrought up over the presence of the varmint, and few are so brave as to venture out at night. Especially is this true of the colored people. "Have you seen the wild varmint?" is the question everyone is asking of everyone else.

—At Durham Wednesday night, shortly after 10 o'clock, there was a marriage in which the bride was a young Jewess who arrived last Friday from Russia and who cannot speak a word of English. She went to Durham for the purpose of joining her sweetheart, Joseph Silver, who is a merchant, and who sent her the money with which to make the trip. The civil ceremony was performed by Justice of the Peace Gunter and the Jewish ceremony will take place in about four weeks.

—There is general rejoicing at Spencer over the success of the bond election held Tuesday by which an issue of $70,000 is authorized for the purpose of making extensive municipal improvements. Already the graded school board has had plans prepared for a handsome building to be erected in a park donated to the town by the Southern Railway Company for the exclusive use of the school. Work on an adequate water works system, to be operated by capitalists from Washington, will begin this week and pushed to rapid completion. Plans have also been made for street improvements and wire is being strung for electric lights upon the streets of the town.

—Raleigh correspondence Observer: Not a few persons venture to express the belief that the alleged copy of The Cape Fear Mercury of June 3, about which so much has been said during the past ten days is a forgery. It is said that a man who has been in this section, and in others, is not allowed to handle any books or letters in any of the Northern libraries, as he is a forger of what are known as book-plates. It is said he was here last autumn and asked a great many questions about the Mecklenburg Declaration, after he had been informed by a gentleman of much wealth and culture that if documents attesting the genuineness of the Mecklenburg Declaration of May 20, 1775, could be produced, from $5,000 to $10,000 would be paid for them. The man appeared to devote himself very much, after this, to all sorts of information about the Mecklenburg Declaration and matters bearing upon it.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propogates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. THE CREW IS STILL ALIVE.

Heroic Efforts to Raise French Sub-Marine Boat.

Paris, July 7.—The ministry of marine issued a communication this evening saying that the combined efforts of French and German salvage tugs succeeded this afternoon in bringing to the surface the sub-marine boat Farfadet, which sank Thursday morning at the entrance to the Port of Sidi Abdallah, Tunis. Water, provisions and fresh air were supplied to the members of the encased crew, who are alive. The sub-marine was being slowly towed into a shallow water when some of the cables snapped, the boat remaining suspended in a perpendicular position held by a cable from a French tug. Efforts are being made to fix grappling irons. An Italian tug has arrived to aid in the rescue. M. Thomson, the minister of marine, left Paris today for Bizerta, Tunis, to investigate the cause of the sinking of the sub-marine.

THE REBEL SHIP HAS MADE ESCAPE

Mutinous Battleship and Torpedo Boat Gone to Sea to Evade Pursuers

ORDERS TO CAPTURE OR SINK

Russian Squadron Has Put to Sea—Cruiser at Theodosia to Protect Town—Alarm at Another Black Sea Port.

By Cable to The Morning Star.

St. Petersburg, July 7.—2.30 A. M.—According to the latest reports the Kniaz Potemkine has escaped her pursuers and is still at large in the Black sea with the torpedo boat destroyer Smetilvy and the Black Sea fleet hot on her trail. There is little doubt that she is heading for Poti or Batoum, but no dispatches from either place had been received up to 2 o'clock this morning.

Advices received by The Associated Press indicate that the tension is increasing in the Caucasus where the turbulent elements are excited over reports regarding the condition of the fleet, increasing the fear that the arrival of the Kniaz Potemkine at a Caucasian port will have the effect of pouring oil on the smouldering flame.

A bomb was thrown at Tiflis to-day.

Alarm at Another Port.

Novorossiysk, Russia, June 7.—The Black Sea fleet arrived here to-night and will sail southward. The authorities have placarded the town recommending the people not to go upon the streets should the Kniaz Potemkine appear.

Novorossiysk is at the head of Novorossiysk bay on the northeast coast of the Black sea.

Russian Cruiser at Theodosia.

Theodossia, July 7.—A Russian cruiser has arrived to protect the town. The inhabitants who fled while the Kniaz Potemkine was in port are returning.

Took Coal from British Ship.

Theodosia, Crimea, July 7.—The reports sent from Odessa to London newspapers regarding the bombardment of Theodosia are untrue. Order is fully maintained in the town by the troops.

Before leaving Theodosia, the Kniaz Potemkine sighted a British collier, which she followed seaward and from which took a quantity of coal.

Hundred and Fifty Sailors Imprisoned

Sebastopol, July 7.—A naval magistrate is investigating a mutiny on the transport Prout.

One hundred and fifty sailors of the Prout have been imprisoned in the fortress here and the others are still on board.

Order to Capture or Sink.

Odessa, July 7.—Vice Admiral Chouknin has telegrapher the governor general of Odessa that the Black Sea fleet has been ordered to capture or destroy the Kniaz Potemkine.

Czar to Issue Manifesto.

St. Petersburg, July 7.—Reports current to-day tend to confirm the advices of The Associated Press, that the Emperor is prepared to go to the Kremlin and issue a manifesto summoning representatives of the people.

Fear Bombardment.

Yalta, Grimea, July 7.—Intense excitement prevails here owing to the fear that the Kniaz Potemkine will bombard the city.

TWO FERRYMEN DROWNED.

Thrilling Escape of Bride and Groom Just Married.

By Wire to The Morning Star.

Danville, Va., July 7.—Hampton Oakes, white, and James Pannell, colored, ferrymen at Towler's Ferry, on Staunton river, were drowned while rowing a party across the river yesterday evening. In the boat were J. A. Ferguson and his bride of a few hours, Rev. Mr. Brooks, the minister who married them, Walter Johnston and the drowned men. The cable connecting the boat with the overhead cable broke, causing the boat to turn with the current and fill. Pennell and Oakes, seeing the danger, jumped and were immediately drowned. Johnston climed to the overhead cable and after hard work succeeded in towing the boat ashore. The bridal couple and the minister were taken out of the water nearly drowned. The buggy in which the couple were driving was washed overboard and the horse drowned. The minister's horse lodged in a tree and was afterwards rescued.

AFTER CLYDE STEAMSHIP CO.

Hearing By Inter-State Commerce Commission in Augusta.

Augusta, Ga., July 7.—The Inter-State Commerce Commisson today heard the plaintiff's side in the case of J. L. Quinby vs. the Clyde Steamship Company involving alleged unreasonable rates on cotton mills products between lower South Carolina and New England points. The contention is that mills in the lower part of the State have to pay a higher rate than those in the northern part, though nearer the Charleston terminal of the steamship company.

In the afternoon the commission heard two witnesses in regard to the relation of fruit shippers of this section to the Armour Refrigerating Line. The members of the commission left tonight for points in the peach growing district to take further testimony in the case.

MAYOR OF HAVANA SUSPENDED.

Crookedness in Several Particulars Cause His Downfall.

Havana, June 7.—General Nunez, governor of Havana province has suspended the Mayor of Havana. The reason alleged is that the investigation of the Mayor and Aldermen begun over a year ago developed probable offenses by the Mayor along the line of unauthorized and improper expenditures, permitting favored citizens to escape certain forms of taxation and loose conduct of municipal affairs.

Cleveland, O., July 7.—A basket of potatoes, in each one of which was imbedded a $5 gold piece, was presented here to Rev. Dr. Charles A. Eaton, to the Euclid Avenue Baptist church, of which John D. Rockefeller is a member. Mr. Rockefeller attended the presentation and is said to have been the donor.

PRESIDENT ROOSEVELT SPEAKS TO EDUCATORS

Greeted by Thirty Thousand People at Asbury Park Yesterday—Enthusiastic Ovation for President.

By Wire to The Morning Star.

Asbury Park, N. J., June 7.—A crowd of 30,000 persons, which turned out to welcome President Roosevelt made Friday, the closing day of the National Educational Association Convention, the most impressive of all the great educational meetings.

"The duties of the rich," was the subject matter of the speech which the President delivered to the educators.

Although, this was the last day of the convention, the President found 12,000 delegates, nearly all school teachers, waiting to hear his speech, which was made in Ocean Grove auditorium. Several pretty receptions marked the trip from the depot to the auditorium. Outside the depot the Indian band from Carlisle school was was in waiting and fell into line immediately before the President's carriage. As the carriage turned into Main street, it passed a wagon filled with negroes, who began to cheer. In response, and the President waived his hand at the delighter negroes.

When the president entered the auditorium, thousands mounted chairs and cheered him. As soon as quiet had been restored he began to speak.

It has been the President's intention to make another address outside the auditorium, but his time was so short he could stop only long enough on the ocean driveway to greet the crowd which assembled and to express his pleasure at the reception accorded to him. He left immediately for Oyster Bay.

BANK FAILURE AT DARLINGTON.

Trust Company Carried Down By Cotton Oil Company.

By Wire to The Morning Star.

Charleston, S. C., July 7.—A special from Darlington announces the closing of the doors of the Darlington Trust Company's bank, a notice posted by Cashier Lide informing the public that owing to financial troubles involving the Independent Oil Company, business would be suspended temporarily. The bank was capitalized at $200,000 and of this amount $120,000 is said to be paid in. The former president, R. Keith Dargan, is president of the Independent Oil Company which operates several plants and has a refinery in Charleston.

It is understood that Bright Williamson, who was elected president of the bank two weeks ago began an investigation and yesterday called a special session of directors. It is understood that Williamson has already been appointed receiver of the bank by a judge of the circuit court. Bank officers claim that every liability will be met.

The following is the notice posted on the door of the bank:

"Owing to the financial troubles of Independent Cotton Oil Company the directors deem it to the interests of the depositors and stockholders of the Darlington Trust Company to close the doors temporarily. The directors have examined the books of the company and assure all depositors that they will be paid in full. By order of the board of directors.

"E. C. LIDE, cashier."

The people who are interested in the bank are sure that it will make good on its papers, and there is confidence felt also on the ability of the Independent Oil Company to realize the most of its liabilities which are roughly estimated at a million dollars, with fine properties and good notes to offset this.

The capital stock of the Independent Oil mill is a million dollars, that of the Trust company is $200,000. Among those largely interested in one or the other or both, are C. A. Woods, of Marion, Nathan Gibson, of Florence, Bright Williamson, of Darlington, and others of the same character and standing in the financial world.

SWEDEN PREPARING FOR WAR.

Threatening Attitude of Norway Creates Alarm.

By Cable to The Morning Star.

Stockholmn, July 7.—The Associated Press has high military authority for stating that Sweden is taking precautionary measures on the frontier to offset the reported threatening attitude of Norway.

The Sweedish treasury to-day borrowed $6,500,000 to pay extraordinary expenditures.

It is rumored that two high Norwegian officers have been arrested at Christiania, because they refused to foreswear allegiance to King Oscar. The rumor, however, has not been confirmed.

Prominent merchants confirm a report that capitalists are withdrawing their funds from Norwegian banks.

DISTRESSING DROWNING.

Two Swedish Ladies Lose Their Lives In Tennessee.

By Wire to The Morning Star.

Knoxville, Tenn., July 7.—Miss Maggie Thorin and Miss Elin Ilson, natives of Sweden, who were guests of the wife of President Perrin, of the Embreeville Iron Company at Embreeville, Tenn., were drowned in the Nola Chuckey river near Embreeville, while in bathing. The two women had started to wade across the river hand in hand, when Miss Olson who was in front stepped into water fifteen feet deep, dragging Miss Thorin with her. When they began stragling Miss Selma Johnson, who was on the bank screamed for help and a ferryman responded, but he did not arrive until Miss Olsen had drowned and Miss Thorin had sunk for the third time. Both bodies were recovered.

JOHN PAUL JONES BODY.

Enormous Crowd Pays Reverence at Cherbourg Yesterday.

By Wire to The Morning Star

Cherbourg, July 7.—The funeral train bearing the body of Admiral Paul Jones and 500 American sailors and marines arrived here from Paris today. An enormous crowd surrounded the railroad station and witnessed the removal of the body to a mortuary chapel erected on the wharf of the American Steamship Line. The townspeople then defiled before the coffin, respectfully uncovering.

The ceremony of transferring the body of the admiral on board the Brooklyn will take place at noon tomorrow and the squadron will sail at 5 o'clock in the evening for the United States.

ELIHU ROOT IN THE CABINET

Announcement by President that He Will be Secretary of State

TO CONTROL CANAL AFFAIRS

Secretary Root Will Abandon Law Practice in New York—Roosevelt's New Order About Promotions.

By Wire to the Morning Star.

Oyster Bay, July 7.—Official announcement was made here today that Elihu Root has been appointed Secretary of State, in the following statement:

"Elihu Root has accepted the tender by the President of the Secretaryship of State. He will take the oath of office in a couple of weeks but it will necessarily be some little time before he closes up his business affairs. He will not go to Washington permanently until some time in September."

President Roosevelt is much gratified at Mr. Root's acceptance and is deeply sensible of the personal sacrifices made by Mr. Root in again taking up the burdens and duties of a member of the cabinet. When he takes charge of the department he will give up entirely his law practice.

President Roosevelt paid an appropriate and eloquent tribute to the life and services of the late Secretary of State, John Hay, in his address before the National Educational Association at Ocean Grove to-day. He followed this tribute with an estimate of the personal sacrifice Elihu oRot had made in becoming Secretary Hay's successor in office. The example of these two men not entirely unique, as the President indicated in the references he made to other members of his cabinet, enabled him to point the moral that the country always had at its command the services of men of ability.

Root to Oversee the Canal.

It is not unlikely that the administration of affairs connected with the construction of the Panama canal may be transferred from the War to the State Department. Since Elihu Root indicated his acceptance of the President's tender of the Secretaryship of State, the President has had the matof the transfer under consideration. It is known that Secretary Taft would be quite willing to be relieved of the responsibility attendant upon the direction of the canal affairs.

Army and Navy Promotions.

An important order was issued tonight by President Roosevelt announcing the policy hereafter to be followed by the administration in making of appointments or promotions to the military branch of the government. The President orders that if any officer of the army or navy hereafter shall solicit influence, aside from the records of his service on file in the war or Navy departments in order to obtain promotion or assignment, he shall be barred thereby from the advancement or detail which he is seeking.

It is understood that owing to his acceptance of the port folio of Secretary of State, Elihu Root retires absolutely from the counsels of the Equitable and that no successor to him will be appointed.

ASSUMED NATURE OF A SCANDAL

Report of Leak In Cotton Statistics Forthcoming To-day.

By Wire to The Morning Star

Washington, July 7.—The long expected report of the secret service officers who investigated the charges of irregularities in the preparation and publication of the government cotton crop reports, preferred by Richard Cheatham, secretary of the Southern Cotton Growers' Association, has been placed in the hands of Secretary Wilson. When seen today Secretary Wilson refused to give any intimation as to the results of the investigation or what action he proposes to take, but said that the whole matter would be made public tomorrow. He declared that nothing would be withheld. The case, he said, had assumed the nature of a scandal and he proposed to give the public every shred of information he had.

In connection with the giving out of the report, it is understood that announcement will be made of a complete reorganization of the statistician's office.

Washington June 8.—The Post today says that as a result of the investigation of the charges involving the cotton statistics of the Department of Agriculture the removal of Edward S. Holmes, associate statistician who was suspended some days ago, will be announced by Secretary Wilson to-day in connection with the report of the secret service agents.

"There is the best of authority," the Post says. "for the statement that the report will show that the charges of Richard Cheatham, of Atlanta, secretary of the Southern Cotton Association, that figures relative to the cotton crop, were not only manipulated for the purpose of affecting the market at different times, but that they were given out in advance for use in a speculative way by a broker in New York. The secret service agents found that Holmes had grown immensely wealthy in a few years, while receiving a small government salary; it is alleged that he is building a large apartment house in Washington, that he conducts a millinery store in New York in partnership with one Moses Haff, that the owns real estate in cities outside of Washington and a large farm in a northwestern State.

BACK DRAFT EXPLOSION.

Score of Fireman Injured at Fire in New York.

By Wire to The Morning Star.

New York, June 7.—A score of firemen were seriously burned or overcome by smoke to-night during a fire which destroyed the upper floors of a seven-story factory building at Hudson street and Ninth avenue.

The first firemen to reach the scene ascended the stairs to the fifth floor, on which the fire had gained considerable headway, where they were met by a "back draft" explosion which hurled them down the stairway with hands and faces scorched, and their clothing on fire. All managed to reach the street where they were assisted by their comrades.

The total loss is estimated at $250,000.

VIRGINIA-CAROLINA PRESS ASSOCIATION

Editor R. M. Phillips, of the Raleigh Post, Elected President of the North Carolina Association.

By Wire to the Morning Star.

Asheville, N. C., July 7.—The Virginia and North Carolina Press Association came to a close tonight with a smoker, and passing of resolutions of thanks to the citizens of Asheville for the entertainment provided for them. In a brief address by R. M. Phillips, of the Raleigh Post, the newly elected president of the North Carolina Association, the joint convention just closed was declared to be the most successful in the history of the Association. The reports read during the various meetings, he said, showed marked progress of North Carolina journalism.

Today the members of the two associations went on an excursion to Waynesville, 28 miles out on the Murphy branch, on a special train furnished by the Southern Railway. At that city the citizens welcomed the visitors in a most hospitable manner, affording them a drive over the most picturesque portions of the country.

The following are the officers elected:

Virginia Association: President, R. A. James, Danville, Va.; vice president, C. B. Camper, Fincastle, Va.; Secretary, J. L. Hart, Farmville, Va.

North Carolina Association: President, R. M. Phillips, Raleigh, N. C.; vice president, T. Lassiter, Smithfield, N. C.; secretary,, J. B. Sherill, Concord, N. C.

THE CHRISTIAN ENDEAVORS.

Sensational Address by a Minister Referring to Rockefeller.

By Wire to The Morning Star

Baltimore, July 7.—There was no formal session of the International Christian Endeavor Association today, the forenoon and afternoon being devoted to State meetings, home missions conferences, pastors' conferences, demoninational rallies and devotional work in a large number of local churches.

Big night meetings were held at Armory hall and at the Lyric. The topic governing the addresses at the former was "Evangelism" while to the latter "Christian Culture for Christian Services" gave the key note.

At the Lyric, Professor James L. Howe, of Washington and Lee University presided. Rev. Howard B. Crose, D. D., of New York made an eloquent plea for the old fashioned reverent church music and deprecated the ragtime "character of much heard in the churches at the present time." Rev. Washington Gladden, spoke on "The Education of Conscience," and he said in part:

"There is a tremendous amount of uneducated or miseducated conscience in this country to-day. People in good society—people who are members of our churches—people who are known as our leading citizens, are doing things which are horribly wrong; and neither do their own consciences protest, nor is there any moral sense in the community which adequately reproves their wrong doing. The things which have been going on of late can only be explained upon the theory of a general slump of conscience, in financial circles and in politicial circles, and in society, and most deplorable of all from the church itself."

Dr. Gladden urged that men should not divest themselves of their conscience in entering a corporation.

DUN'S WEEKLY TRADE REVIEW

Cotton Goods Market Affected by Price of Raw Material.

By Wire to the Morning Star.

New York, July 7.—R. G. Dun and Company's weekly Review of Trade tomorrow will say:

Customary quiet commercial conditions at mid-summer were augmented by the interruption of a holiday, except that warm weather gave impetus to the distribution of seasonable wearing apparel, sporting goods and outing supplies.

Structural steel and all forms of railway equipment are the prominent features of the iron industry but quiet conditions prevail at coke oven and pig iron furnaces. Sensational soaring of quotation for raw materials threatens the stability of the leading textile markets, although consumption is not yet perceptibly diminished by rapidly rising price lists. Railway earnings in June were 6.5 per cent. larger than last year's. Uncertainty in the markets for cotton goods has resulted from the rise in the raw material, and it is almost impossible to negotiate for future delivery.

GAVE UP $300,000 TO BE A JUDGE

The Latter Position Will Pay Judge Dill Only $3,000.

By Wire to The Morning Star

New York, July 7.—James B. Dill who has been appointed Judge of the Court of Errors and Appeals of New Jersey, the World today says, surrenders an income of $300,000 a year from his law practice to become a judge with a salary of $3,000 a year.

"According to a close friend of Mr. Drill the step from the riches of corporation law to the comparative dignified poverty of the bench was taken after mature thought in which the recent scandals of high finance and the demands made upon lawyers to save wealthy clients from the law had weighty influence upon his decision."
